

Regulations for the CREW Cypress Dome Primitive Campsite

1. Camping is permitted only in the designated campsite and only with a Special Use/Camping Permit.
2. To get to the campsite, enter the gate at Gate 5. We will write the Gate 5 lock combination on your Special Use Application/License. You may park your vehicle inside Gate 5, but please remember to keep the gate closed and locked. After you enter the gate, turn right on the first trail (leads past the port-o-let). Park in the big field on the left. The campsite entrance is in the far southeastern corner of that field.
3. Campfires are permitted only if written permission is given on the Special Use Application/License. Keep fires within the fire ring, and make certain that your campfire is fully extinguished before leaving. There is also a grill and a picnic table available. PLEASE USE EXTREME CAUTION WITH ANY FIRE.
4. Leave the Vehicle Identification Card on the dash of your vehicle at all times, and keep the Special Use Application/License & Personnel ID Card with you at all times while on the property.
5. Be certain to carry enough water to meet your needs. Potable (drinkable) water is *not* available at the campsite or anywhere along the trail.
6. It's always a good idea to bring bug spray and sun block!
7. A port-o-let is located near the parking area at the main entrance (Gate 5).
8. Keep pets on a leash at all times.
9. Use the trails, campsite, and parking lot at your own risk.
10. If you have a cellular phone, you may wish to bring it, since there is no phone on the property.
11. Please do not leave anything behind and take your trash with you. **PACK IT IN, PACK IT OUT!**
12. General regulations are posted at the information stands by the parking lot at the entrance. It is your responsibility to familiarize yourself with these regulations. Hikers should sign a registration card at the information stand.

Happy camping! We hope you enjoy your stay at CREW!

In case of emergency, call 911 and ask for a Collier County dispatcher.

Tell the dispatcher you are camping at 3980 Corkscrew Road (Collier County Road 850), Immokalee, Gate 5, at the CREW Cypress Dome Trail System, which is managed by the South Florida Water Management District and the CREW Land & Water Trust. Then, have someone from your group wait at Gate 5 to direct emergency personnel.
